

ALWAYS.  
INNOVATIVE.  
BETTER.

Power in Perfection.

# Dear Customer and Partner,

Highest product quality is the base of sustainable success.

Yet only those that inspire their customer at all levels can stand out as market leader. We therefore offer an exceptional full-service of reliability, velocity, engagement and innovation – from development and production to logistics and consultation. AIB KUNSTMANN always seeks for the individually best solution for you – with people who pay attention, listen, think and take responsibility. Knowing what is important comes from our core of experience, competence and down-to-earth attitude.

Let us inspire you...

Kindest regards,

Your Management of AIB KUNSTMANN

Managing Director . Sales

# 6 KEY ELEMENTS. YOUR BENEFIT.

## Quality

Highest requirements to processing, material and service – Made in Germany.

## Innovation

Whether coating technologies, custom-made solutions or products like the ECO-Tray – we constantly drive the market.

## Product Range

As full-range supplier, we offer efficient solutions for motive, reserve and charging station applications.

## Construction

We develop individual engineering ideas for trays, racks and charging stations.

## Software

Compile offers even quicker – thanks to our tray database and rack & cabinet configuration tool.

## People

You can always rely on your personal contact person.

# TRAYS

**Quality – Made in Germany.**

0% complaint rate is not just a coincidence. From the raw metal to the final quality inspection – every process step lies in our hands. Additionally, we offer an extensive variety of colours and develop custom-made solutions to suit every demand. We drive the market with trendsetting innovations like our ECO-Tray.

**Prompt supply: The quality of AIB KUNSTMANN.**

# RACKS

**Your energy is safely positioned.**

We offer matching solutions for every demand – and that already for over 35 years. We develop systems of high efficiency, stability and scalability, which yet have to be found elsewhere. All combined with a service that inspires you.

**One thing is certain: The quality of AIB KUNSTMANN.**

# CABINETS

**Diversity is also our quality.**

Closed design for open environments – our sophisticated and modular solutions are resistant to temperature and earthquakes if these are a requirement. When time is of great essence: Our cabinets – as well as various accessories – can be supplied within short delivery times, thanks to our stock availability.

**One thing is certain: The quality of AIB KUNSTMANN.**

# CHARGING STATIONS

## Solid charge.

As full-range supplier, we also offer everything relating to the technical equipping of charging rooms and charging stations for motive batteries. If our standard solutions are inadequate – then the optimal solution for your charging room can also be designed individually in close collaboration and underlined with 3D-models.

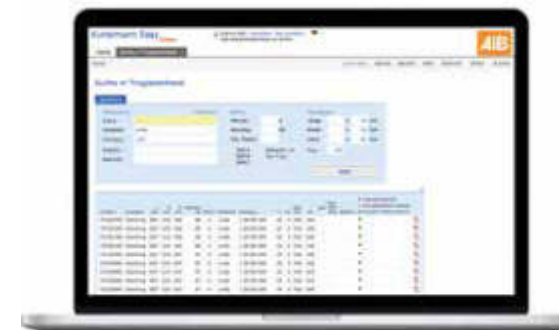

**Simply good: The quality of AIB KUNSTMANN.**

# VALUABLE HELPERS

We want to make your work easier  
with our software solutions. For planning,  
ordering and assembly of our products.

## AIB TRAY DATABASE

Find, not search! Use our tray database to find the  
suitable tray even beyond our business hours.

## KUNSTMANN EASY

It's the simple things that make a difference.  
With KUNSTMANN EASY, you have all the important  
information at one glance and you can easily and  
efficiently configure every project.

# VALUES AND ASPIRATION

We are »always« there for you.

As full-range supplier, we strive for »innovation«.

Our aspiration: to be »better« than the others.

Our customers are prospecting for personal engagement and absolute reliability at all levels. We are highly effective and strive for perfection with every work step.

In the process, we do not only consider today and the individual product – with this aspiration we always look at customer requirements, the market and the future.

**We provide: Power in Perfection.**
